

Guidelines: Funding Theme Programs

[Funding for Programs Associated with ‘#Visibility’](#)

This academic year, due to the limited financial resources for programming, CICC will sponsor or co-sponsor programs that address the annual theme by providing up to \$2000 per event. Individual community members, campus departments, and student organizations may submit proposals for programs related to this theme using the CICC Program Funding Proposal Form linked below. We ask you also include an announcement of your event suitable for campus wide-circulation.

CICC Event Funding

Proposals for funding are evaluated using the criteria in this rubric: [CICC-Proposal-Evaluation-Rubric20](#).

Funds will be distributed on a rolling basis, so please submit your proposal early or the funds may be depleted. We will begin reviewing proposals in October of 2020. Questions and completed applications should be emailed to the chair of CICC at cicpc@tcnj.edu.
